

Singhanians' Chronicle

From the editor's desk -

"Confidence is not the certainty of success but rather the conclusion that failure does not determine our worth — we lose nothing by trying."

Sometimes it can be difficult to muster up the will to count our blessings when the whole world is crashing around us. Last one year of pandemic has taken a toll on our hope... and our belief in ourselves. We are engulfed in our sorrows and fail to see light at the end of the tunnel. But we have to remember it is darkest before the day break. If we look around we will find people who are full of life and their company will infuse hope in us. There is no better coping mechanism than confiding or sharing a problem with a friend or intimate. When we are confident, we are hopeful. Challenges are opportunities to be confronted, not insurmountable obstacles. Confidence allows us to make goals and gives us the strength to achieve those goals.

With confidence we take leap of faith and start yet another academic session. We at SINGHANIA believe in power of PRAYER and TOGETHERNESS and we are sure we will sail through every difficulty and come out a winner.

May God bless all and ALL THE BEST !!!

CONVOCATION CEREMONY SR. KG.

Moving from pre-primary to Primary Wing is a big leap for the students of Sr KG. They are excited at the thought of going to class 1 but anxiety also engulfs them at the prospect of joining formal education. Convocation Ceremony is the most happening event in the academic year of Sr KG. Students, parents and teachers, all look forward to this big day. This session, being a unique and different one because of the pandemic, it was decided to hold “E Convocation Ceremony”.

The students were asked to record videos of prayer, dance, songs, aspirations etc. and send to the class teacher. The excitement was pulsating. On 24th March, the programme started with the welcoming of the parents followed by Ganesh and Maa Saraswati Vandana. Mrs. Harveen Bedi, Coordinator Foundation Wing presented the Annual report that showcased various activities conducted during the session 2020 – 21. The programme included performances by the students and messages from the parents. Principal Sir read out the oath and it was very emotional to watch students repeat it earnestly. Respected Principal Sir also blessed the young grads. Programme ended with the school song. After the program, the teachers received many messages from the parents expressing how much they had enjoyed the programme.

Nothing is impossible.. the word itself says **I M Possible**. We at Singhania believe in dreaming for we know that dreams do come true.

SHARING KNOWLEDGE, SHARING HOPE

Life always gives you a
second chance ...and it's
called tomorrow.

In today's world of fierce
competition, it's not only
important but a must as well
to keep ourselves one step
ahead of others. We cannot
wait for a perfect chance, you
have to grab the moment and
create the tomorrow you are
waiting for today.

The **SPC** section of Singhania is
a proud extension of our
capabilities and capacities
where students get to prepare
for competitions like
Olympiads, NTSE etc.
Watching our students
perform brilliantly at national
and international level fills

our heart with pride. It's most
satisfying to watch them
excel. The **SPC** Wing though
comparatively new, has
already created a niche for
itself among students and
parents. The over whelming
feedback is elixir that keeps us
motivated and inspire us to
outshine ourselves.

We believe and live by the
motto that "There are no
limits to what you can
accomplish, except the limits
you place on your own
thinking."

For us "Sky is the limit."
