Believe in Yourself, Work with Dedication!"

Dear Students,

As you step into this new academic journey, remember that success is not just a destination but a path of hard work, dedication, and perseverance. Every challenge you face is an opportunity to grow, learn, and become better. Your efforts, no matter how small, will pave the way to your dreams.

You have the potential!"

Believe in yourself, stay focused, and give your best. Your hard work and dedication will shape your future. Make learning a habit and stay on track.

Teacher's Day Celebration

"Great teachers inspire, hope, ignite the imagination, and instill a love of learning."

To celebrate the contribution and impact of the teachers, the Students' Council orchestrated a vibrant celebration, showering gratitude on the guiding lights of the institution.

The day sparkled with mesmerizing performances, a delightful cake-cutting ceremony, and heartfelt tributes that left the teachers beaming with joy.

The event concluded on a poignant note with Principal Mr. Pravin Kumar's inspiring words

Shape Hunt

A "Shape Hunt" activity was conducted for students of Nursery to II to introduce and reinforce basic geometric shapes in a fun, and interactive way.

Students were taken on a "shape hunt" around the classroom.

Shapes were introduced using colorful flash-cards of circle, square, triangle, rectangle.

Students pointed out shapes, named them, and discussed examples.

They identified the shapes by touching, pointing, and verbalizing shape names.

Students worked with peers, enhancing social interaction.

The Shape Hunt was engaging and effective for pre-primary learners, blending play with shape recognition.

Inauguration of Namo Toy Bank

The "Namo Toy Bank" in Kota is an initiative by Lok Sabha Speaker, Mr. Om Birla, to provide toys to underprivileged children, established at the Paridhan Uphaar Kendra. The initiative was inaugurated to ensure that children living in poverty have access to the simple joys of playing with toys, which are often denied to them.

22 students, along with 2 Teachers attended the inauguration ceremony and witnessed the noble efforts first hand. The visit inspired students to understand the importance of sharing, kindness, and compassion towards others.

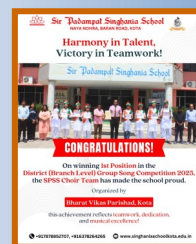

Mobile phones have become powerful learning tools for students. They offer quick access to information, help in communication, and make online learning easier and more flexible. Educational apps and digital platforms allow students to learn anytime, anywhere. However, excessive use can lead to distractions, health problems, and reduced face-to-face interaction. Social media and games often take away valuable study time. Therefore, students must learn to use mobiles wisely—balancing education and entertainment. Used responsibly, mobile phones can support learning; misused, they can become barriers to success.
